Mappins Greetings:

Hello Parents, Guardians and Students of Big Valley School,

October zipped by quickly and I guess that means we were having fun! We've just celebrated our students' academic success during awards night and I am so proud of those students who worked hard last year to gain this achievement. As I said at awards night, this type of success does not always come easily to some students. But, I'm happy we have students at our school who push themselves to form the good habits that are needed for academic success. This type of night reminds me of a quote I heard recently:

"Everybody wants the prize, but nobody wants to pay the price."

It's important to remember that if we keep asking for things to be easy, you will keep getting a result that's less than what you'd hoped for. If school was easy and everyone got what they wished for, then everyone would be a billionaire or a famous athlete. Everyone would be a star entrepreneur, a top scientist, or a successful artist. We have to stop asking for easy. If you have a dream or a passion or a goal, you're going to have to work harder than you've ever worked in your life to make it a possibility. It's not going to be easy. Anything of value and meaning is not going to be easy.

My challenge for you in the month of November is to stop asking for easy, and start asking how you can work hard to achieve your goals. Trust me, you'll start to surprise yourself with the results you see.

As always, please don't hesitate to contact me if you have any questions: cmappin@clearview.ab.ca or 403-876-2271

Have an excellent November!

Charlee Mappin
